

Meeting #12: Habitat

Homework

Anchoring in Christ Character Activity

Memorize Proverbs 4:20-21 (NKJV)

My son, give attention to my words; incline your ear to my sayings.
Do not let them depart from your eyes; keep them in the midst of
your heart.

Habitat Worksheets Choose a habitat to observe this week. It could be a pond, stream, garden, orchard, wooded area, meadow, backyard or empty lot. Answer the questions and record your findings. Remember to look very closely, no creature is too small for God to notice!

Completes the requirements for Habitat 1-4, 6-7.

Find it, Bring it! 2 Empty 2-liter bottles, remove the labels and wash before bringing to club.

Used to complete the requirements for Habitat #9.

Meeting #12: Habitat

Classwork

Habitat Show & Tell Share your Field Journal with someone. Describe the habitat that you observed and tell interesting things that you learned.

Completes the requirements for Habitat #5.

Heavenly Habitat We have been learning a lot about heaven and the new Earth. Read 1 Corinthians 2:9. What do you think the habitat there will be like? How would your habitat be different if it was on the new Earth?

Helps complete the requirements for Habitat #8.

Biosphere in a Bottle Using two 2-liter bottles to create your own biosphere. (Your instructor will pre-cut your bottles for you.)

Completes the requirements for Habitat #9.

Habitat

A habitat is a place that an animal lives.
It provides the animal with food, water and shelter.
Different habitats are home to different animals.

- Find your own habitat to observe and study.
 - o Examples: garden, pond, orchard, stream, wooded area, backyard, or vacant lot.

My Habitat is: _____

- On what day did God create your habitat?
 - o Read Genesis 1:9-13 _____

- Find a Bible verse about your habitat, the plants, or animals that you studied.
 - o Have an adult help you use a concordance to find your verse.
 - o _____

- Every time you visit your habitat record the date and time. You also might want to keep track of other data like the weather. Name, photograph, or draw a picture of the plants and animals in your habitat. Use the provided field journal or your own separate paper if need.
